ABOUT THE RESIDENCE

Our new residence was completed in January 2025. Every effort was made at design stage to ensure that this new accommodation was environmentally friendly. The building is triple glazed and is insulated 50% above industry standard. Hot water is provided using a geothermal source and the building has a very low carbon footprint.

**Your space
to relax,
recharge,
and feel at
home**

Our Accommodation

COMFORT FOR EVERYONE

Each room accommodates 4 to 6 people, making it ideal for groups or families looking for space and privacy.

MODERN, PRIVATE BATHROOMS

Enjoy a spacious en-suite bathroom with a sleek walk-in shower in every room.

IRISH CRAFTSMANSHIP

All beds and mattresses are made in Ireland. Hypoallergenic memory foam ensures comfort, with high-speed Wi-Fi and a smart TV included.
