

EdYOUFest on Tour Italia

Accreditation and Institutional Support

EdYOUFest is pleased to acknowledge the valuable institutional support of **DiSAL – Dirigenti Scuole Autonome e Libere** for the **EdYOUFest on Tour Italia** initiative.

EdYOUFest on Tour is a professional development initiative designed to bring high-quality international teacher training directly to local educational communities, creating opportunities for teachers, school leaders and education professionals to meet, exchange ideas and engage with experienced international teacher trainers.

The 2026 EdYOUFest on Tour Italia programme will take place in:

Messina – 26 October 2026

Catanzaro – 27 October 2026

Reggio Calabria – 28 October 2026

The three events will feature an international teacher-training session delivered by **Dorothy Zemach (USA)**, internationally recognised teacher trainer, author and ELT professional.

The initiative reflects the EdYOUFest commitment to making professional development accessible, practical and internationally connected, while encouraging collaboration between schools, teachers, educational organisations and local communities.

We would like to express our sincere appreciation to **DiSAL** for supporting this educational initiative and contributing to its recognition and dissemination within the Italian school community.

This collaboration represents an important contribution to our shared objective of promoting continuing professional development, educational innovation and opportunities for meaningful professional exchange among educators.

Together, we are EdYOUFest.
