**Rodolfo Mattiello**

### ***Biodata***

Rodolfo Mattiello holds a BA in Languages from Pontifícia Universidade Católica de Campinas, Masters in Applied Linguistics from the University of Edinburgh specialized in Language Acquisition under the Usage-based perspective with interest in Cognitive Linguistics, specialization degree in Lesson Planning of University of Oregon, Education Technology for EFL Classes of Iowa State University and he also co-authored the book *Formação de Professores* (Paco Editorial). Founder of Mattiello Consultoria Acadêmica, a center for teachers development and BELíngue, an online English school.

### ***Abstract***

Correction can be a tricky business in the English language classroom. When should we correct our students? How to best correct them without making them feel too exposed? What techniques are available? What aspects should we focus more on? These questions and more will be addressed in Rodolfo Mattiello's session
