Bio: Shakeh Manassian

Shakeh is Director of Qualifications at PSI Services and manages a suite of English language and educational tests. She has been working in the language teaching and testing profession since 1989 and have extensive experience of designing specifications, developing test content, standard setting and marking activities as well as providing training and delivering courses in assessment and language testing.

Topic

The development of speaking tasks for specific purposes including academic.

Abstract

This session will focus on Speaking task design and the different questions that developers need to ask and address as they develop speaking tasks for specific testing purposes. The session will key concepts such as context and authenticity, and provide some sample tasks for participants to consider. This session will be useful to anyone developing tests for Speaking skills or interested in becoming a test item writer.
